East Coast Consumer Shows is very excited about including a well known local Central Florida charity in our show, “Building Homes For Heroes.”

The Orlando Home & Garden Show will take place September 10-12, 2010 at the Orange County Convention Center.

Building Homes for Heroes is a local non-profit organization which has helped disabled war victims with severe disabilities by building homes that can accommodate their needs. This organization will be present at our up-coming shows along with many of their sponsors. They are currently constructing a home in Central Florida which will be completed this summer. Some of their sponsors include the tens of thousands of fire, police, and EMT workers from Central Florida. We are inviting them along with their family members to the show with complimentary admission. To show our support we are happy to donate exhibit space to them

and all affiliate organizations at the show. As a former US Marine, I am honored to support those who have sacrificed so much for our country. We will be donating a portion of the show proceeds to them as well.
